MONTESSORI

ROOSTER REPORT

April 2010

Enrollment 2010-2011

Please spread the word...
We have openings in
Toddler
Primary
and 2 Free VPK Only Sessions!

Volunteers...We Still Need Your Help!...

- o Marketing the school for summer and fall enrollment – We need 4 VPKers for summer, 10 children in Primary, and 20 VPKers for fall!
 - o Distributing flyers for summer and brochures for fall to local businesses or schools that serve children and their families...Put your thinking caps on and go for it!
 - o Compiling folders for new enrollees, see Ms. Michael
 - o Going to internet engines that advertise schools, enter our school and write a positive testimonial about your experience
- All of these are ways you can contribute and can count toward your volunteer hours.

Parent Education

Primary Classroom

Child Invites a Parent, May 12 - 13
Conferences May 27 – 28
(Both by appointment)

Elementary Classroom

Narrative and Progress Reports, June 10

Kaleidoscope Kamp!

As the school year comes to an end and summer begins, please join us on a Florida Adventure! This summer we will be traveling around our state of Florida, stopping at all the major cities and sites. Along the way, we will be learning about famous Floridians, our oceans, and native plants and animals. Each week, kampers will make memorable souvenirs that relate to the topic of study. Some of our activities will include: creating starfish necklaces, making our own clouds, enjoying a pet day, and cooking. During the summer, we will be incorporating the Montessori principles as well as covering the academic areas of Art, Science, Math, Language Arts, and Physical, Social, and Emotional Health. Don't wait! Sign up today (deadline for registration is May 1st). We hope to see you there! (6 spots remaining) Ms. Allison and Ms. Nicole

VPK News

Goodbye winter and hello spring...Finally! During the month of April, we have been busily working on learning new phonograms, constructing sentences, counting to 100 using the 100 board, and polishing wood. We have also been discussing Earth Day and thinking of ways to help the Earth. To celebrate this holiday, we made coffee filter Earths and Earth Day necklaces. To enjoy this weather we will begin to rake leaves, water the plants, and sweep the deck to help keep our outside environment beautiful. I want to say thank you to all the parents who have volunteered to help make materials for our classroom. It has helped greatly!

Ms. Allison

Primary News

The children returned from Spring break refreshed and ready to work. It is such a joy to observe the individual accomplishments of each child and how we, as a group, have grown and progressed together. It is so nice to read that our observers see kindness, respect, independence, concentration and joyful children in our class. Ms. Nicole and I couldn't agree more! The hum in the classroom is due to mixed ages, and the wonderful role models our older children are for the younger ones.

Currently, we are discovering Africa and rodents. Next we will focus on fish and Australia.

Information for the upcoming primary, "Child Invites a Parent" will be coming in May.

Ms. Norma & Ms. Nicole
